

Asbel Fernandez

Information Technology

Hi, I am Asbel Fernandez. I am 35 years of age. I pursued a degree in Information Technology in the year of January 2020. I have basic knowledge in C++, Web Development and Windows Operating System. I have not had the opportunity to work in a team but I would appreciate forming part of one so that I can explore my skills and enhance my knowledge. I have ventured on research for personal projects, which have made me flexible to adapt to the advances of technology.
